Considerations prior to connecting to the event:

- Please check that you have downloaded the latest Zoom version at:

- We recommend you do a Speed test of internet in your computer. The ideal is having 10 upload and 10 download. This can be done at the following sites:
<https://www.speedtest.net/es> and <https://fast.com/es/>
- Choose a quiet place. Ideally, connect the computer to your modem with an ethernet cable, if possible.
- Preferably, use a headset with earphones and microphone.

Thank you in advance and we will see you at the event.
